## Service from the West Coast to Asia

- Weekly U.S. Flag service that connects U.S. West Coast with markets in Japan and Korea
- More U.S. Flag assets results in more frequent and better supply chain management for our Military customers
- Faster transit times to Busan while maintaining regular port coverage to primary U.S. Military customers
- Eastbound Yokohama port call providing a significantly faster transit time to U.S. West Coast
- Continued connecting U.S. Flag combo services to Southeast Asia, Oceania and the Middle East
- Only ocean carrier to participate in U.N. Logistics Emergency Team (L.E.T.), which provides dedicated resources to disasters both natural and man-made
- Consistently rated as one of the most reliable carriers, according to Drewry Ship Reliability report
